CONCRETE WASHOUT INSTRUCTIONS

BRIEF DESCRIPTION

These containers are specifically designed to capture and contain on site washout (CWO) material for proper removal.

CWO containers are sealed units and are available in 7 to 10 yard capacities. They can hold approximately 50-100 individual concrete washouts.

PROPER USE OF CWO

- Provide dedicated area for CWO container away from any other mixed debris containers when possible.
- Keep access area level and properly marked.
- **DO NOT ATTEMPT TO MOVE.**
- **DO NOT LOAD ANY SOLID CONCRETE DEBRIS.**
- **DO NOT LOAD ABOVE MAXIMUM CAPACITY MARK.**
- Failure to observe proper use procedures may result in service issues and additional charges.
